

Annual Report
1 July 2015 - 30 June 2016

Great stories happen here!

Dear Friends,

Tens of thousands of stories circulate each year at The Community Library - in the forms of picture books and novels, historical tomes and digital bytes, conversations in the Lecture Hall and around the fireplace. We carry stories up and down the Wood River Valley in an orange bookmobile, and we record local stories in our regional history department for posterity.

We don't just hold stories at The Community Library; we work to make them happen.

According to the Pew Research Center's 2016 report on libraries, 91% of Americans say their communities would be hurt if the local library closed; 66% say it would have a major negative impact. Such surveys suggest that libraries not only offer resources, they help a community to define itself.

Libraries are vital to the stories of their communities, and The Community Library uniquely so: **It is a privately-governed, privately-funded, public library - a poignant reflection of the community's generosity and commitment to its collective stories.**

Thank you for being part of it!

Sincerely,

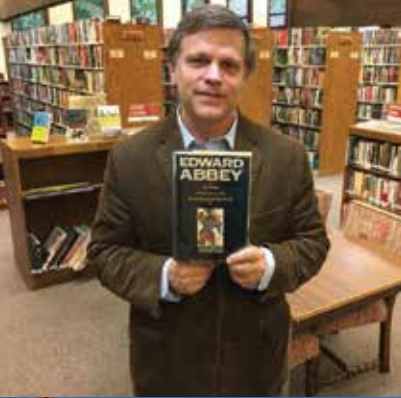

A handwritten signature in cursive script that reads "Jenny".

Jenny Emery Davidson, Ph.D.
Executive Director

The Community Library brings information, ideas, and individuals together to enhance the cultural life of the community.

We work to:

promote literacy • **encourage community discourse** • **provide contemplative space**
foster creativity • **deepen a sense of place in central Idaho**

We recommend reading!

In the past fiscal year. . . .

55 different organizations depended on The Community Library as a venue for their meetings and public programs.

128,000+ visitors came to The Community Library.

We circulated **117,613** items.

The number of Library borrowers increased by **6.75%**.

4,740 people attended programs in the Lecture Hall.

People logged into the Library's public computers more than **18,000** times.

4,380 children participated in special programs.

More than **180,000** people dug for deals (and supported the Library) by shopping at the Gold Mine Thrift and Consign Stores!

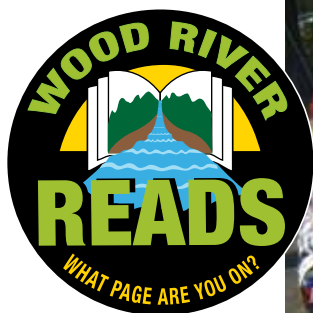

"I love spending time by the fireplace, just **relaxing and reading**. My son likes to sit by the totem pole in the children's library, and my little girl finds it fascinating to have her own spot in the young adult library. For a long time, she did not know that the library extended beyond the children's room. Then, about a year ago, there was one solid week when **we spent every day at the Library**, and my daughter discovered 'the other side' of the Library - the rooms beyond the children's room. **She was in awe of the discovery!**"

New collaborations to promote literacy

WOOD RIVER READS

In the summer and fall of 2015, The Community Library joined with the Hailey Public Library and the Bellevue Public Library on the Wood River Valley's first ever community-wide read, focused on the classic novel *To Kill a Mockingbird*. Jointly, **the 3 libraries** held **10 free public programs** and circulated the novel **hundreds of times**.

LITWALK

In August 2015, The Community Library held the first annual LitWalk to **celebrate literacy and literature** with readings, an open mic, a "banned book" booth, and more, at locations throughout Ketchum.

“BLOOM” BOOKMOBILE

In June 2016, The Community Library launched a bookmobile in partnership with The Hunger Coalition and its “Bloom” project. The bookmobile traveled from Carey to North Fork weekly throughout the summer; **174 kids got library cards**, and they checked out **1,559 books!**

New programs for lifelong learning

Adult English as a Second Language class - An average of 25 students participated in weekly English classes throughout the year, beginning in the summer of 2015.

Winter adult Spanish class - Fifteen people participated in an intermediate conversational Spanish program.

Two new exhibits at the Library's Sun Valley Museum of History

- “Those Who Served” - an exhibit on Idaho veterans, in collaboration with the Idaho State Historical Society, was shown at the museum in the summer/fall of 2015.
- “Don and Gretchen Fraser: The Ski Community’s Gold Standard,” a renovated exhibit on two premiere ski athletes who also shaped the Sun Valley community, opened in December of 2015.

Lynda.com - The Library initiated a new online tutorial service that Library patrons can access for free to learn computer applications and more.

Mango - The Library subscribed to a new online language-learning service that Library patrons can access for free to study 63 different languages.
